

Nice Family Homestead LLC

SUMMER PROGRAMS 2017

A WEEK ON THE HOMESTEAD:

Join us for a fun filled week on the Homestead. Children will learn how to care for animals, tend a garden, harvest produce and create crafts and food from the homestead. Enjoy lots of fun playing with the animals and learning how to grow our own food. After a morning of farm work and creativity, campers will have the opportunity to either swim in the pool or run in the sprinkler.

About Meagan Nice, Lead Instructor/Homestead Owner & Manager:

Meagan has a Bachelor's degree in Elementary Education with a minor in Early Childhood Education and additional study in Spanish and Fine Arts. Prior to graduating college, Meagan worked as a camp counselor, Nanny, and worked with Barnes & Nobles to develop programs for children. After graduating, Meagan taught for 4 years before becoming a stay home mom. This is Meagan's 4th summer of running the Summer Programs at Nice Family Homestead LLC.
